Most of our Ballet Arts commitments involve Fridays and Saturdays, but Sundays will be used as needed. So in planning consider these days also in your activity plans.

1. Gather up all the activities you know of and ask school, church and parents to give you any dates they know.
2. Next to the date, fill-in the activity and any details or explanation you know.
3. Include church trips, plays you plan to be in, family trips already planned, school activities that affect grades and tests. You may receive an excused absence for some. Or you may not be scheduled to rehearse. There will never be excused absences for birthday parties, games, overnights and alike. We ask that you please do your best to work around these activities.

There are no excused absences allowed two weeks prior to the performance. Please plan accordingly to ensure attendance at all rehearsals following Thanksgiving.

The purpose of this form is to let the Artistic Director schedule rehearsals with as few absences as possible. This helps the process move smoothly and ultimately helps everyone have a more enjoyable experience.
